## Introduction

This section gives an introduction to the topic.

## Main Transcript

Here lies the main part of this paper. This is a citation by Prillwitz, 2022. When you repeat this citation, you should only write the author, not the year, so says Prillwitz.

### Subsection Heading

Main Headings on Level 1 are centered on the page whereas subsections, aka. Level 2 Headings, are left aligned. “This is a quote of something I said in running text.” Just in case you want longer quotes, here’s a good one:

“Did you ever hear the tragedy of Darth Plagueis The Wise? I thought not. It’s not a story the Jedi would tell you. It’s a Sith legend. Darth Plagueis was a Dark Lord of the Sith, so powerful and so wise he could use the Force to influence the midichlorians to create life... He had such a knowledge of the dark side that he could even keep the ones he cared about from dying. The dark side of the Force is a pathway to many abilities some consider to be unnatural. He became so powerful... the only thing he was afraid of was losing his power, which eventually, of course, he did. Unfortunately, he taught his apprentice everything he knew, then his apprentice killed him in his sleep. Ironic. He could save others from death, but not himself.” (*Sheev Palpatine or Darth Sidious*)

## Conclusion

This section concludes this paper.
